This advantage is also associated with some errors in the game. All the advantages of accompanying in Fallout 4 are obtained by reaching the maximum affinity with an accompaniment in particular, and each one is unique. To win Close to Metal, the advantage of Nick, the player must reach the maximum affinity with him and complete his personal Long Time Coming.ÄÄ the advantage means that the only survivor will have an extra conjecture to mark the password ÄÄ a In the terminals, and the terminals take 50% less time to restart after a failed hack attempt. In general, the companions will begin with a zero-level level. The advantage of Cait, Trigger Rush, is a skill that means that the action points of the surviving ÄÄ are regenerated 50% more quick when the player falls below 25 share points. The advantage of it is robot sympathetic, which means that the only survivor obtains +10 damage to strength against enemy attacks from any mechanical enemy. However, there are some tools that can be used to follow up as well. Tracking too.
